

PRIMER

Nadi struji  $I_2$   
na  $p$ .

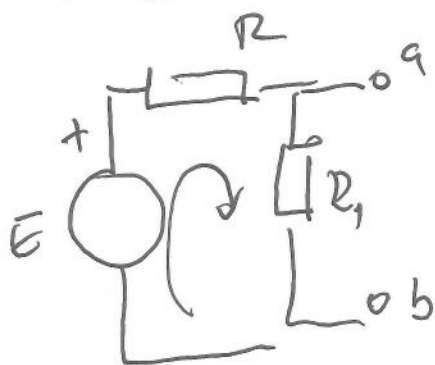

Šema za  $R_T$

$$R_T = R_e = \frac{R_1 \cdot R}{R_1 + R}$$

Šema za  $E_T$

$$E_T = U_{ab} = R_1 \cdot \frac{E}{R + R_1}$$

po  $p$  je  $I_2 = \frac{E_T}{R_T + R_2}$
